

AUTOMATIC AIR VENTS

PN-10

FEATURES

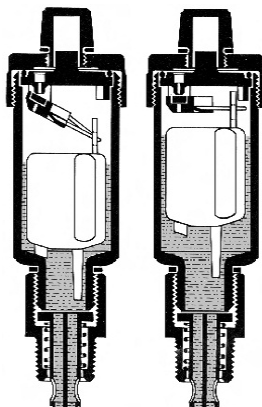

- Brass construction
- Nylon float/internals
- Built-in check valve, PN-10 only
- Sizes 1/2", 3/4", 1", PN-10
- Size 1/2", PN-16
- Maximum operating pressure 10/16 bar
- Maximum working temperature 110°C

PN-16

BENEFITS

- Releases the entrapped air in hydronic systems
- Reduced corrosion
- Better system efficiency
- No air blockages
